**SUPPLEMENTARY INFORMATION:**

*(1) Type of Information Collections: USAID is requesting the Office of Management and Budget (OMB) to extend the approval of the information collections under OMB No: OMB 0412-0520 for an additional three years. This submission does not propose any revisions to the information collections.*

*(2) Title of the Form: Contractor Employee Biographical Data Sheet.*

*(3) Agency Form No.: AID 1420-17.*

*(4) Affected public who will be asked or required to respond, as well as a brief abstract: The U.S. Agency for International Development (USAID) is authorized to contract with any corporation, international organization, or other body of persons in or outside of the United States in furtherance of the purposes and within limitations of the Foreign Assistance Act (FAA). The*

information collection requirements placed on the public are published in 48 CFR chapter 7, and include the following offeror or contractor reporting requirements, identified by the AIDAR section number, as specified in the AIDAR 701.106: 752.219-8, 752.245-70, 752.245-71(c)(2), 752.247-70(c), 752.7001, 752.7002(j), 752.7003, 752.7004 and 752.7032.

The pre-award requirements are based on a need for prudent management in the determination that an offeror either has or can obtain the ability to competently manage development assistance programs using public funds. The requirements for information collections during the post-award period are based on the need to prudently administer public funds.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* USAID estimates that 4,873 respondents will submit 36,467 submissions per year. The amount of time estimated to complete each response varies by item.

(6) *An estimate of the total public burden (in hours) associated with the collections:* 49,482.

(7) *An estimate of the total public burden (in cost) associated with the collections:* \$3,139,106. Note that while the burden for these information collections falls on the public, most of the submissions are reimbursable either directly or indirectly under Agency contracts, the cost for most of these collections falls under the federal cost burden. Thus, the

estimated total public cost burden that is not reimbursed through Agency contracts is \$35,970.

*Acting Senior Procurement Executive.*
